## Work Nature

### About Career

**Do you think you are a reasonable observer and a listener? Do you want to help people who are facing emotional or behavioural problems? Are you empathetic towards people's problems? If yes, you should think about perusing counselling psychology as your career path.**

Psychology counsellors are the professionals who provide advice and guidance to an individual or a group under consideration. **Counselling Psychologist** helps people to overcome emotional health concerns.

#### **Psychology counsellors would address problems like:**

- Work or school environment-related concerns
- Career path selection
- Relationship advice (family, friends, marital)
- Learning abilities problems
- Emotional issues
- Personality analysis and many more

### Work Nature

- Engaging in discussion with patients and making them feel comfortable.
- Provide individual or group counselling services to assist individuals in achieving more effective personal, social, educational, and vocational development and adjustment.
- Collect information about individuals or clients, using interviews, case histories, observational techniques, and other assessment methods.
- Documents patient information. It includes session notes, progress notes, recommendations, and treatment plans.
- Counsel individuals, groups, or families to help them understand problems, deal with crises, define goals, and develop realistic action plans.
- Advise clients on how counselling can help them.
- Analyze data, such as interview notes, test results, or reference manuals, to identify symptoms or to diagnose the nature of clients' problems.
- Evaluate the results of counselling methods to determine the reliability and validity of treatments.
